ABOUT US

Welcome to PE Global Care Connect, where our mission is driven by our unwavering commitment to success in the complex care healthcare sector. Since launching our sister division, PE Global Healthcare in 2011, we have continuously expanded our expertise and deepened our understanding of the healthcare sector in the UK. Through PE Global Care Connect, we are dedicated to improving the lives of people by providing tailored solutions for complex care needs right in the comfort of their homes.

At PE Global Care Connect, we pride ourselves on delivering the highest levels of care in an engaging, inviting, expertly executed, and personable manner. Our team is composed of compassionate professionals who are making a difference to the lives of others.

We understand that every individual has unique needs, which is why we offer bespoke and person centred care packages planned with our clients and families, to ensure we meet all their individual needs. Whether it's skilled nursing care, companionship, or assistance with daily tasks, we are here to provide personalised care that meets the specific requirements of each individual.

Our ultimate goal is to enhance the quality of life for those we serve. By focusing on holistic care and fostering meaningful connections, we strive to empower individuals to live their lives to the fullest.

Join us at PE Global Care Connect on our journey to making a positive impact in the world of healthcare, one person at a time.

WHY CHOOSE PE GLOBAL CARE CONNECT?

Looking for personalised care tailored just for you? Look no further than PE Global Care Connect – your agency of choice for comprehensive complex care services.

Why choose us? We prioritise your safety, effectiveness, and well-being. We're here for you 24/7, offering a personal service that puts your needs first. With our in-house clinical team, you can trust that you're in the hands of dedicated and professional experts with years of healthcare experience.

We are not only responsive to your needs but also deeply caring, ensuring that every aspect of your care experience is compassionate and supportive.

What sets us apart? We work with our clients to plan an individualised care package that takes into account their physical and mental health needs, personal preferences, culture, and beliefs.

We ensure that their care package fits into their daily lives in an unobtrusive way that means that they can continue with their social and family lives as much as is possible. As carers we respect their homes, families and cultures.

We offer flexible, scaled support designed to meet your unique requirements. Whether you need a little extra assistance or full-time care, we've got you covered.

Rest easy knowing that we work in collaboration with the Care Quality Commission (CQC) and undergo regular audits to ensure we maintain the highest standards of care and compliance. Our commitment to being well-led ensures that our actions are guided by sound leadership and expertise, further enhancing the quality and impact of our care services.

Your well-being is our priority.

A photograph of a caregiver assisting a man in a wheelchair. The caregiver, on the left, is a man with a beard wearing a black cap and a white sweater with a black geometric pattern. He is leaning over the wheelchair, holding the man's hand. The man in the wheelchair is wearing a blue puffer jacket with yellow trim and is smiling and looking up at the caregiver. The background shows a clear blue sky and bare trees, suggesting a sunny day in a park or outdoor setting.

COMPLEX CARE

Your leading source for comprehensive complex care solutions

PE Global Care Connect's dedicated and experienced team is committed to providing bespoke packages tailored to meet the unique needs of each individual we serve.

We understand the importance of delivering the best solutions for individuals with Integrated Care Boards (ICBs), Continuing Healthcare (CHCs), and private healthcare clients who require support in the comfort of their own homes. Whether you require live-in care or specialised assistance, we have the expertise and resources to meet your needs.

We offer a range of options designed to exactly meet the level and quality of care required by each client. Our personalised approach ensures that you receive the support and assistance you need to maintain independence and enhance your quality of life.

Trust PE Global Care Connect to provide compassionate, reliable, and professional care that exceeds your expectations.

CHRONIC ILLNESSES AND BRAIN INJURIES

At PE Global Care Connect, we specialise in providing tailored support and care for individuals managing long-term health conditions. Our goal is to enhance the quality of life for our clients, offering them the resources and personalised attention they need to thrive.

Our Chronic Illness Care Services: **Personalised Care Plans**

We understand that each individual's needs are unique. Our team works closely with patients, their families, and healthcare providers to develop customised care plans that address specific medical, emotional, and lifestyle needs.

Medical Management

Our skilled caregivers assist with medication management, symptom monitoring, and regular health assessments to ensure that our clients maintain optimal health and well-being.

Daily Living Assistance

We provide compassionate support with daily activities such as bathing, dressing, meal preparation, and mobility assistance, helping our clients maintain their independence and dignity.

Emotional and Psychological Support

Living with a chronic illness can take a toll on mental health. Our caregivers offer companionship, emotional support, and access to counselling services to help our clients navigate their journey with resilience and positivity.

CHRONIC ILLNESSES AND BRAIN INJURIES

Specialised Care for Brain Injuries

Brain injuries can have profound and lasting impacts on an individual's life. At PE Global Care Connect, we are dedicated to providing comprehensive care and rehabilitation services to support recovery and improve the quality of life for those affected by brain injuries.

Our Brain Injury Care Services: Rehabilitation and Therapy

Our team includes experienced physical, occupational, and speech therapists who work collaboratively to develop and implement effective rehabilitation programs aimed at restoring functionality and independence.

Cognitive Support

We offer specialised cognitive training and support to help individuals regain their cognitive abilities and improve their memory, attention, and problem-solving skills.

Behavioural and Emotional Support

Brain injuries can lead to changes in behaviour and emotions. Our caregivers are trained to provide compassionate support and employ strategies to manage these changes effectively.

Family Education and Support

We believe in a holistic approach to care, which includes supporting and educating families. We provide resources, training, and emotional support to help families understand and cope with the challenges associated with brain injuries.

PROMPT ACTION

PE Global Care Connect, where prompt action meets exceptional care provision.

We understand that timely assistance is crucial in moments of need. That's why we're committed to alleviating pressure and providing swift support when you need it most.

With our agile and responsive strategy, we stand ready to provide swift crisis assistance whenever and wherever it's needed. Leveraging the expertise of our dedicated team at PE Global Care Connect, we seamlessly deploy immediate care solutions to address urgent situations head-on. Our skilled personnel are equipped to step in promptly, ensuring the safety and well-being of those in need.

While our early mobilisation team takes charge of the immediate situation, we simultaneously work on assembling a comprehensive support package, meticulously tailored to meet the specific requirements of the crisis at hand. By combining speed with precision, we ensure that our interventions are not only swift but also thorough, delivering effective aid that makes a meaningful difference in the lives of those affected.

At PE Global Care Connect, we prioritise your well-being around the clock. With a 24-hour support team ready to assist you, you can rest assured knowing that help is always just a phone call away.

Experience the difference of prompt, reliable, and compassionate care provision with PE Global Care Connect.

EARLY MOBILISATION TEAM

The PE Global Care Connect Early Mobilisation Team specialises in providing essential emergency support for individuals experiencing crises. Our main objective is to prevent unnecessary hospital admissions, secure appropriate unit placements, and avoid service disruptions that can lead to unsuitable care environments, bed shortages, and increased security unit escalations.

The PE Global Care Connect Early Mobilisation Team is dedicated to delivering a dependable solution that prioritises the needs of service users, ensuring uninterrupted care. Our team consists of highly trained professionals experienced in assisting individuals with physical disabilities, dementia care, Complex Behaviours and needs and Mental Health issues.

All staff utilise a Positive Behaviour Support (PBS) approach, applying their extensive expertise to deliver the best possible care.

Available 24/7, our service is always prepared to address any situation as it arises, providing unwavering support to ensure the ongoing well-being of those in crisis.

We collaborate closely with various organisations, including Integrated Care Boards (ICBs) and Local Authorities (Councils), to support emergency healthcare needs and work directly with the MDT,

We also partner with Adult Mental Health Services and Social Care teams, promoting a comprehensive support strategy that encompasses home, supported living communities and community.

Our commitment extends beyond merely managing crises; we aim to create lasting solutions that empower individuals, foster independence, and enhance holistic well-being. Empathy is at the core of our approach, as our specialised nurses and healthcare assistants provide outstanding care to young adults, and adults in difficult situations.

We offer intensive mental health crisis support across a variety of environments, including:

- Emergency placements
- Supported living facilities
- Immigration centre's
- Private residences
- Residential and community centres
- Hospitals and day units
- Specialist mental health, psychiatric and physical disability units
- Prisons
- Custody suites and police stations
- Secure facilities when required

The Crisis Prevention Team takes pride in our early mobilisation capability, able to mobilise a dedicated support team within hours, not days.

SUPPORTED LIVING

At PE Global Care Connect, we specialise in supported living services designed to help individuals live comfortably and independently in their own homes. Our mission is to provide the support and assistance necessary for each person to fulfil their own individual potential and achieve the best possible quality of life.

At PE Global Care Connect, we understand that every individual is unique, with their own set of needs and aspirations. That's why we work closely with each person, as well as their care network, to develop personalised support plans that are tailored to their specific goals and requirements.

Our approach is rooted in positive-behavioural support, which emphasises understanding and addressing the underlying causes of challenging behaviours while promoting positive alternatives. Our highly skilled and experienced teams are trained to provide the necessary support in a respectful and dignified manner, fostering independence and empowerment.

We believe in the importance of regular reviews to ensure that our support plans remain relevant and effective as individuals progress on their journey. Our commitment to excellence means that you can trust us to provide the highest standard of care and support at all times.

Experience the difference of supported living with PE Global Care Connect.

WORK WITH US

PE Global Care Connect specialises in connecting skilled medical professionals with opportunities in homecare throughout the UK.

FUNDING PATHWAYS

INTEGRATED CARE BOARDS (ICBS)

ICBs are Clinical Commissioning Groups responsible for commissioning the majority of hospital and community NHS services within their local areas. Their primary function is to ensure that the diverse healthcare needs of the local population are met effectively and efficiently.

CONTINUING HEALTHCARE (CHC)

NHS Continuing Healthcare is a specialised package of care arranged and fully funded by the NHS. It is designed to meet the healthcare needs of individuals who have significant and ongoing care needs that cannot be met by existing community or social care services.

PERSONAL HEALTH BUDGETS (PHBS)

A PHB is a sum of money allocated to support an individual's health and well-being needs. Unlike traditional healthcare services, PHBs offer individuals greater flexibility and choice in how they manage their care. These budgets are planned and agreed upon collaboratively between the individual (or their representative) and the local Clinical Commissioning Group (ICB).

DISCHARGE TO ASSESS

Discharge to Assess provides short-term funded support for individuals to transition back to their own homes or another community setting, ensuring they receive the care and assistance they need in a comfortable environment. This service aims to facilitate a smooth and efficient transition from hospital to home or community care.

PRIVATE

Private financing is a significant component of healthcare systems worldwide. This encompasses various forms such as corporate-funded health services, contributions from individuals to commercial or community-based health insurance schemes, and out-of-pocket expenditures.
